

WELCOME

It starts with asking 'why'... and ends with the answers you and your client can depend on.

**S-E-A IS THE INVESTIGATIVE, MULTI-DISCIPLINED
FORENSIC ENGINEERING, CONSULTING, AND
TESTING AUTHORITY FOR THE INSURANCE, LEGAL,
RETAIL, AND MANUFACTURING INDUSTRIES.**

With over 300 full-time professionals, we collaborate across an array of industries – including the biomechanical, civil, digital forensics, electrical, fire, marine, materials, mechanical, and toxicology sectors.

We find the facts and perform the analysis that makes the puzzle a complete picture.

Using scientific analysis, animations, graphics, three-dimensional models and prints, or medical illustrations... anything you need, we've got it.

Let's get started.

Know.

We test.
We investigate.
We reveal.
We explain.
So you know.

S-E-A is able to provide immediate response to our clients' needs, regardless of location.

55TH
ANNIVERSARY
Forensic Engineering,
Investigation and Analysis
